

**Ms. Del Rosario** draws you in with an uncanny grasp of the jazz, blues and soul idioms... Like Bill Evans and Miles Davis, the silences between the notes are always as emotionally telling as the words themselves."

They had the audience riveted with their upbeat rhythms and catchy melodies. Marlene shows so much passion in both her vocals and keyboard performances, that it is difficult not to get caught up in the magic!"

"Marlene and **The Marlene Jazz Ensemble** are absolutely fabulous! In the past two years, they have been enhancing my events with a wide range of talents, from their elegant background dinner music to their upbeat, fun loving entertainment. Marlene's vocals are amazing, in particular.

"Thanks so much for performing at our wedding. We could not have asked for a better band! You were awesome! The music you chose was perfect, and most memorable for me was *"Caravan"* and, of course, *"What a Wonderful World"*. So many of our guests raved about you, and for good reason. Your quartet surpassed our highest hopes — we feel so fortunate to have had you perform. Thank you!"

"Our wedding reception experience with **The Marlene Jazz Ensemble** was terrific. I can't count how many times our guests asked who they were and how we had found them. Our guests thought the music was the best they've heard at any wedding. Their songs included a variety of jazz, dance and slow songs which the guests absolutely loved. They did a great job on our wedding song and we would definitely recommend them to anyone looking for a classy band."

"Marlene, thanks to you and the trio for making our wedding day so extra special. Everyone remarked how GREAT the music was and we loved the music. All of you made it so special for us. The day would have really lacked something important and lovely without you. Your music really made the ambience and added to the intimacy of the setting. A special thanks for the last added song. I think I'll always remember our wedding when I hear *"I've Got a Crush on You"*. So thank YOU."
