Comments: I cannot say enough good things about Marlene and the Jazz Trio. In fact, I just wrote a mini novel here and then found out I can only use 500 characters. So I have to make this brief. I wanted REAL jazz at our wedding - we got that and thensome. Marlene's voice is crystal clear perfection, and her bandmates are incredibly talented. Their range was exactly what I was looking for and they are all wonderful people. A pleasure and a big thumbs up!!!
